FULL-STACK DEVELOPER

Highly adaptable Full Stack Developer with nearly 2 years of experience specializing in Vue.js and Vuetify, with a strong backend foundation in PHP/Laravel and Node.js. Proven track record in the Fintech sector, managing and scaling service platforms for 186+ branches. Known for versatility, effective communication, and the ability to multitask across the full development stack to deliver secure, high-integrity web applications.

PROFESSIONAL EXPERIENCE

PETNET INC.

Frontend Developer

May 2024 – Present

- **Architected and maintained** responsive UI components for a Unified Service Platform (USP) using **Vue.js** and **Vuetify**, supporting a nationwide deployment across **186 branches**.
- **Engineered** end-to-end frontend workflows for high-volume financial integrations, including **MoneyGram** and **Palawan Pay**, processing secure remittance and cash-in transactions.
- **Collaborated with backend developers** to consume **microservices**, optimizing API response handling and streamlining data flow for digital payment services like **Razer e-load**.
- **Engineered a multi-transaction automation module for Malayan Insurance**, streamlining bulk policy processing and payment workflows to reduce manual overhead and improve transaction success rates.
- **Enhanced security protocols** by integrating **Key Management Service (KMS)** in **Google Console Platform (GCP)** for payload encryption, ensuring data integrity and preventing unauthorized tampering.
- **Orchestrated comprehensive bug fixes and system updates across Vue.js, Laravel, and Node.js**, maintaining a high success rate in permanent issue resolution, contributing to an **80% reduction** in recurring support tickets.
- **Demonstrated technical versatility** by concurrently managing modern Vue.js sprints and legacy **jQuery** codebases, ensuring seamless feature parity and system stability across evolving tech stacks.
- **Delivered high-impact features** within an **Agile/Scrum** framework, leveraging **Git** for version control and consistently meeting sprint deadlines in a fast-paced environment.

Startek Philippines

IT Support/ Full-Stack Developer Intern

June – September 2023
